

TESTED BY

PAINT REMOVAL AGENT

Removal agent for water and solvent
based paint residues

PAINT
STAINS

PAINT
OVERSPRAY

Benefits

- **Easily removes paint overspray** that is otherwise very hard to remove without scrapping and risking damaging the modules
- **Developed** specifically for PV modules and tiles
- **No more scrapping** - reacts with the paint and emulsions the particles
- **Tested by TÜV Sud** - does not damage the ARC, silicone and aluminium frame
- **Readily biodegradable** and environmentally friendly
- **Act preventively and protect the modules**, in case of frequent contamination, with one of our hydrophobic coatings to avoid the recurrent use of the Paint Removal Agent

Applications

- PV solar plants, thermal solar plants, PV solar tiles, etc.
